

ENVIRONMENTAL POLICY

At PTC, our objective is to embrace practices and principles that are designed to reduce adverse environmental impact. The Company's goal is to provide complete environmental protection. To attain this goal, our aims are to:

- Assess risks to develop and implement an effective Environmental Management System;
- Seek practical and environmentally responsible techniques to mitigate the environmental impact of our activities;
- Comply with all environmental laws, regulations, ISO 14004 Standard and all other applicable requirements;
- Establish, maintain and review our environmental objectives and targets.
- The management is committed to continual improvement and prevention of pollution
- Ensure that Environmental issues are communicated to all persons working for or on behalf of the company

As Managing Director of PTC, I am committed to a policy of environmental improvement and accordingly direct all staff, subcontractors and suppliers associated with Company activities to recognise, contribute and abide by this commitment.
